

SchoolFest Chaperone Expectations

Thank you for bringing students to Alabama Shakespeare Festival. We're relying on you to help make this experience unforgettable for everyone!

ASF provides one free chaperone ticket per 15 students. In exchange for their ticket, chaperones are responsible for the supervision of the students under their care. Remember that students are the priority of SchoolFest matinees.

- Before leaving on your field trip, assign chaperones to a group of students they will be responsible for during their time at ASF. A list of student names is helpful for chaperones to identify and track all of their charges before, during, and after the matinee.
- Make sure chaperones are familiar with your plans after the show. They will be responsible for student dismissal.
- Chaperones are responsible for monitoring student behavior during the show. Please make sure chaperones review all student behavior guidelines before attending so that they can help their students succeed at the theatre.
- Chaperones are expected to seat themselves amongst their students.
- ASF ushers will seat students based on a seating chart provided by Group Sales. Once students are seated in their area, you may move students around to create an arrangement that works for your group.
- If a student needs to leave the theatre at any time, they need to be accompanied by a chaperone.
- At the end of the performance, chaperones will be asked to stand, identify their group, and lead the students safely out of the theatre and to their transportation.

We appreciate your help making this a wonderful experience for everyone involved!
