Alabama Shakespeare Festival

Founded in 1972, Alabama Shakespeare Festival began as a summer theatre festival in Anniston, Alabama. The theatre moved to Montgomery in the 1980s after philanthropist Wynton "Red" Blount offered to build a new home for the theatre in a 250-acre park. The state-of-the-art performing arts complex, christened the "Carolyn Blount Theatre," represented the largest gift by an individual donor in the history of American theatre (\$21.5 million) at the time. Mr. Blount's gift of the theatre complex set ASF on the path of continuous artistic success and community service.

Carolyn Blount Theatre houses a Festival Stage (seats 792) and Octagon Stage (seats 262), outdoor amphitheater and garden, production shops, rehearsal halls, and administrative offices. More than one million bricks were used to build the complex, which contains more than 100,000 square feet of space. The late Russell Page, famed landscape architect, planned the English-style grounds and lake that surround the building and make up the stunning core of the Wynton M. Blount Cultural Park.

ASF is the largest professional, producing theatre in Alabama and one of the largest Shakespeare festivals in the world. Since the theatre first opened, millions of adults, children, and families have experienced the joy of theatre by attending ASF productions.
